Foxhunt Puppy Stories

My litter name was Trouble...

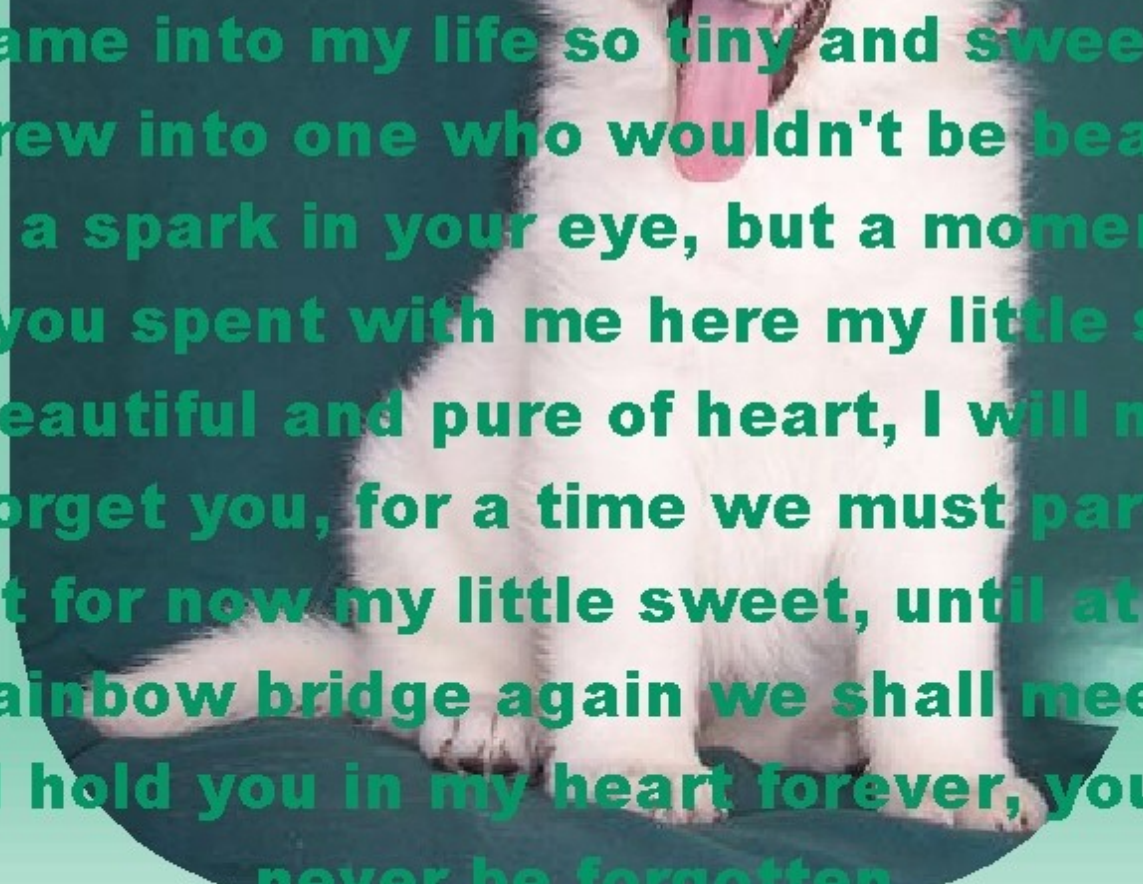

~ Tatse ~

Scarlett,

I have to tell you a Tatse story - he was being fiesty one day kind of walking around picking everything up and barking, and I said to him "are you walking around looking for trouble??" and he cocked his head on the side and came running over. So I figured he responded to the name "Trouble"...I said "Trouble?" and he barked and came over putting his head on the side again, so I asked him "do you remember Scarlett?" and this is the look that I got from him....he sure remembers you AND "Trouble"!

Sandi & Tatse

In Loving Memory of our little

You came into my life so tiny and sweet, you
grew into one who wouldn't be beat.
With a spark in your eye, but a moment so
brief, you spent with me here my little sweet.
So beautiful and pure of heart, I will never
forget you, for a time we must part.
Just for now my little sweet, until at the
Rainbow bridge again we shall meet.
I will hold you in my heart forever, you will
never be forgotten

"Zera"
